

Fundraising Toolkit

Fundraising Instructions

Online donations:

During online registration through

https://secure.getmeregistered.com/get_information.php?event_id=10923 you have the option to create a fundraising page.

If you did not choose this option during registration, no problem! You can still create a fundraising page by visiting

https://secure.getmeregistered.com/get_information.php?event_id=10923 and clicking “Become a Fundraiser.”

1. Personalize your fundraising page to include:
 - Your fundraising goal
 - Why you are participating in the Cincinnati Gorilla Run
 - Include any personal connection to the mountain gorillas
 - Upload images (gorilla pictures, training in your gorilla suit, etc.)
2. Share your fundraising homepage link to all your friends and family! For your convenience, we’ve provided a [pledge letter](#) template.
3. On your fundraising page, click on the “Tell others about this event!” buttons to let you Facebook friends and Twitter followers know about your fundraising efforts!
4. Remember you are eligible for great fundraising [pledge incentives!](#)
5. For additional help and support, email saveagorilla@yahoo.com with questions.

Offline donations:

You can also collect cash donations or checks made payable to MGCF. Record fundraising dollars on the [pledge form](#) and drop off at the gorilla suit pick up of your choice or the donations table on event day.

Pledge Letter to Send to Supporters

Hi There!

Remember the movie, "Gorillas In The Mist"? Well, I will be a gorilla for a day participating in the 4th Annual Cincinnati Gorilla Run on March 29th in downtown Cincinnati.

I am raising funds for the Mountain Gorilla Conservation Fund and am asking you to help by making a contribution. I've set a personal fundraising goal of \$[*INSERT GOAL*]. Please visit [*ADD PERSONAL FUNDRAISING PAGE WEBLINK HERE*] to donate online quickly & securely. Or, why not join me on the day of the event? Visit www.cincinnatiGORILLARUN.com to register today.

Why are we doing this?

Thanks to all the wonderful supporters, the MGCF was able to expand its veterinary program, which is offered to the local Ugandans and Rwandans to become veterinarians. In late 2013, the MGCF opened the Ruth Keesling Wildlife Health and Research Center, first of its kind for Africa and mountain gorilla protection. Veterinary medicine has now expanded to a vast majority of wildlife in the central African region. MGCF was the first in the world to ever build an "on location" vet center in 1986 for the protection of endangered animals. Since then, 20 expatriate veterinarians have served in the countries and now 36 local veterinarians have been educated to take over and protect their own wildlife. This has been the leading cause which has contributed to the population growth of the gorilla. This is a great thing for central Africa!

I thank you in advance for your support and really appreciate your generosity!!

Cincinnati Gorilla Run main web site: www.cincinnatiGORILLARUN.com

If you would like more information about the Mountain Gorilla Conservation Fund and how funds raised through the Cincinnati Gorilla Run are used, please visit www.saveagorilla.org.

Please forward this email to as many people as you can and encourage them to donate!

Fundraiser Checklist

✓ HAVE A PLAN AND STICK TO IT

The most effective way to achieve your fundraising goal is to create a detailed plan outlining the steps you'll need to complete in order to meet your objectives. Remember, sticking to your plan will ensure success!

- Set a goal of at least \$250.
- Start early so you can give people ample time to donate.
- Make it personal. Educate your donors on why this cause is so important to you.
- Stress the benefits of contributing.
- Ask BIG before going small.
- Never feel guilty about asking for donations.
- Keep track of who you've asked and follow-up.
- Always ask contacts to forward your email to others.
- Keep donors updated on your progress.
- Ask, Ask, Ask!
- Send thank you notes!

✓ DON'T BE AFRAID TO ASK EVERYONE YOU KNOW

- Start by making your own contribution!
- Friends, family members, and co-workers. You never know who is willing to contribute!
- Ask your employer if they have a matching gift program or would be willing to make a corporate donation...have your donors ask their employers too!
- Email local businesses that might be interested in your cause. Ask them to sponsor you.

✓ USE SOCIAL MEDIA

- Update your Facebook status to let your friends know you are raising money for the mountain gorillas.
- Tell your Twitter followers about your fundraising efforts.
- Keep everyone up to date on progress towards your goal.

Set a Fundraising Goal

I will raise \$ _____ (we recommend \$250.00) by March 29, 2015.

I will contact _____ people in order to reach my goal.

Estimate the average contribution will be \$50 and that 50% of the people you contact will contribute. If you plan to raise \$250, you only need to contact 10 people. Simple!

WHY ARE WE DOING THIS?

Mountain Gorillas are one of our closest relatives, sharing 98.6% of our DNA. This makes them the closest link to mankind. The MGCF is working to help save these animals from extinction.

Dr. Dian Fossey asked Ruth Keesling for help in 1983. Since Dian's murder in 1985, Ruth and the MGCF have kept that promise. She started with 248 known mountain gorillas to be alive and today there are estimated to be 880 in the wild. These animals are not seen in any zoos, but only in the wild. Since we are their closest relatives, we need to help them.

The locals set snares in the National Parks to capture deer or duiker (their food source), but the gorillas also get caught in them. If discovered in time a team of veterinarians will go in and assist the animal and release it from the snare. Ruth sent the first veterinarian into the jungle back in 1986 and this has proven to be the leading cause to saving this animal. The mountain gorilla is the only Great Ape primate posting positive numbers within its population in the world.

Ruth Keesling started the Wildlife Animal Resource Management (WARM) at the Makerere University in Kampala, Uganda in 1996. This department teaches local Ugandan, Rwandan, Tanzanian, Kenyan and Congolese to become qualified as park rangers or they can continue on to become Wildlife Veterinarians.

This is the first of its kind for Africa and over the years, the department has become the fastest growing in the University.

RUTH KEESLING WILDLIFE HEALTH AND RESEARCH CENTER

The current building is no longer large enough to house the number of veterinary students who want to be educated in this field. Today, we are answering the call for action and now expanding the facility to become the Ruth Keesling Wildlife Health and Research Center.

The brand new facility will include: two main lecture halls with seating for 100 students, two large scale research laboratories, postgraduate and grant research offices. The lower section will contain a Wildlife Disease Surveillance Biohazard Level 1 Bio Bank.

Each building will house nine labs, eighteen total. The uniqueness of this facility is the samples are studied in the research laboratories right up stairs. Again, first of its kind for Africa.

When this building is complete, we have kept our promise to Dr. Dian Fossey!

Dian Fossey's final journal entry:

"When you realize the value of all life, you dwell less on what is past and concentrate more on the preservation of the future."
